TIER CREDITS AND STATUS

WHAT ARE TIER CREDITS?

Tier Credits are the key to a higher Tier Status, which gives you more benefits and faster service. All of the Tier Credits you earn from January 1 through December 31 are added to your Tier Score[®], which determines your Tier Status within Caesars Rewards[®].

How Do I Earn A Higher Tier Status?

The more you use your Caesars Rewards card, the faster you earn Tier Credits. As you elevate your Tier Status, benefits become even more exclusive.

- Gold: 0 – 4,999 Tier Credits
- Platinum: 5,000 – 14,999 Tier Credits
- Diamond: 15,000 – 24,999 Tier Credits
- Diamond Plus: 25,000 – 74,999 Tier Credits
- Diamond Elite: 75,000+ Tier Credits
- Seven Stars[®]: 150,000+ Tier Credits (exclusive invitation only)

Your Tier Credits always reset to zero on January 1 because status must be earned each year to maintain your status the following year.

HOW DO I EARN TIER CREDITS?

You can earn Tier Credits just by doing the things you love.

- Hotel: 1 Tier Credit for every \$1 spent on room rates and resort fees
- Dining: 1 Tier Credit for every \$1 spent at participating restaurants
- Entertainment: 1 Tier Credit for every \$1 spent on spa, shopping and more
- Slot Machines: 1 Tier Credit for every \$5 coin-in*
- Video Poker Machines: 1 Tier Credit for every \$10 coin-in*
- Table Games and Poker: Tier Credits are earned based on your length of play, average bet, and the type of game
- Sports: Earn up to 10 Tier Credits for every \$100 wagered on straight bets and earn up to 20 Tier Credits for every \$100 wagered on parlays**

For more earning, including Online Games, visit caesars.com/myrewards.

Earning rates subject to change. Earning rates outside the U.S. may vary based on current exchange rates. Earning rates may vary or not apply in other select markets. Additional restrictions may also apply. See the Caesars Rewards Center for complete details. *Some machines have lower earn rates, and these games will be clearly marked with the different rate. **Maximum Tier Credit earning rate is for straight bets with -300 odds (or longer) and parlay bets with +200 odds (or longer). Wagers with shorter odds will have lower earning rates. Fractional credits are tracked but are not earned until subsequent wagering earns an additional whole credit.
